CONTENTS

Vol. 66, No. 1, June 25, 1957

PAGE

Nakamura, T., Nakamura, S., Sugawara, K., Katakura, Y., Takizawa, T. and **Isono, T.** On Renal Injuries in Young Rats on Choline Deficiencies. 1

Ooi, N. Urinary Output of Aminoacid Nitrogen of Children with Nutritional Dystrophy and the Effect of Riboflavine or Nicotinamide upon It. Studies on the Nutrition of Children in Hirosaki Area. (46th Report). 7

Kagaya, A. and **Takahashi, J.** Riboflavine Concentration of the Biopsied Livers from Children with or without Nutritional Dystrophy. Studies on the Nutrition of Children in Hirosaki Area. (47th Report). ... 17

Takizawa, T. and **Haseyama, H.** Histopathological Findings on a Function of Bronchiolus respiratorius. 24

Kimura, E., Suzuki, N., Kanazawa, T., Ito, Y., Harigai, N., Yamamoto, F., Kumagai, S., Suzuki, Y. and **Obara, F.** Experimental Studies on the Coronary Insufficiency and the Coronary Occlusion. I. On the Relation of the Coronary Blood Flow and the ST-deviation in the Electrocardiogram. 25

Kimura, E., Kanazawa, T., Suzuki, N., Ito, Y., Harigai, N. and **Yamamoto, F.** Experimental Studies on the Coronary Insufficiency and the Coronary Occlusion. II. The Relation of the Coronary Blood Flow to the Arterial Blood Pressure, and the Effect of the Vagus Nerves upon It. 33

Segi, M., Fujisaku, S., Kurihara, M. and **Moniwa, H.** Stomach Cancer and ABO Blood Groups. 42

Masamune, H. and **Kamiyama, S.** Biochemical Studies on Carbohydrates CCII. Synthesis of D-Galactose-4-β-D-galactoside and D-Glucose-6-β-galactoside..... 43

Segi, M., Fujisaku, S., Kurihara, M. and **Moniwa, H.** Cancer of Cervix Uteri and ABO Blood Groups.... 50

Masamune, H., Yosizawa, Z. and **Tokita, K.** Biochemical Studies on Carbohydrates. CCIII. A Glucidamin and a Molisch-positive Mucopolysaccharide from Human Lung. 51

Masamune, H. and **Yosizaki, H.** Studies of High-molecular Placental Components in Connection with Pregnancy Toxemia. Fifth Paper: On Placental Itinsulfuric Acids. 61

Katakura. Y. Dietary Hepatic Necrosis of Albino Rats Induced by Japanese Brewer's Yeast. 73

Ohara, I. and **Sakai, T.** Cardiovascular Responses during Interruption of the Thoracic Inferior Vena Cava under Normo- and Hypothermia. An Experimental Study 79

Kuboki, T. Studies on Discharge Intervals of a Single Motor Unit in the Human Extraocular Muscles. Part I. During Fixation of the Gaze. 91

Kuboki, T. Studies on Discharge Intervals of a Single Motor Unit in the Human Extraocular Muscles. Part II. During Horizontal Movement of the Eye.... 97

Vol. 66, No. 2, August 25, 1957

Oba, M. On the Relation of Gastroptosis to Blood-diastase, -sugar and -glycogen. 107

Goto, Y., Seino, K. and **Ito, I.** Standard Sugar Loading Test. Special Reference to the Possibility of Differentiation of Two Types of Diabetes Mellitus and of Differentiation of Non-diabetics from Diabetics by Sugar Loading Test. 115

Goto, Y., Seino, K. and **Ito, I.** Limiting Level of Hyperglycemia in Diabetics. 125

Watanabe, K. The Influence of Radioactive Dust on Experimental Pneumoconiosis. 131

Suzuki, T., Yamashita, K. and **Mitamura, T.** Effect of Hypothermia on the Secretion of 17-Hydroxycorticosteroids of the Adrenal Glands in Non-Anesthetized Dogs. 144

Masamune, H. and **Yosizaki, H.** Studies of High-molecular Placental Components in Connection with Pregnancy Toxemia. Sixth Paper: Pentosenucleic Acid. 145

Yamagiwa, K. Excitation and Initiation of Impulse. Part I. Stimulation with Constant Current. 153

Yamagiwa, K. Excitation and Initiation of Impulse. Part. II. Stimulation with Slowly Rising and Alternating Currents. 163

Yamagiwa, K. Excitation and Initiation of Impulse. Part III. Accommodation. 175

Motokawa, K. and **Aizawa, T.** Retinal Processes in Total Color Blindness. 187

Yamashita, K. Effect of Hexamethonium on the Augmented Adrenaline Secretion of the Adrenal Gland Causable by Insulin Hypoglycemia.... 197

Vol. 66, Nos. 3–4, October 25, 1957

Kobayashi, M. An Application of the Electric Flicker Method to Tests of Physical Strength in Normals and Tuberculous Patients. 205

Kohata, T., Wake M. and **Hamada, H.** Effect of Intraocular Pressure upon Electrical Excitability and Action Potentials of Human Retina ... 215

Ikeda, K. A Study on the Specific Gravity of the Spinal Fluid. 225

Kominami, M. A Survey on Keratinolytic or Keratinophilic Molds from Soil in Japan. I. Report: On *Keratinomyces ajelloi* Isolated from Soil in Japan 233

Kohata, T. Suppression of Color Contrast and Retinal Induction by Mechanical Pressure Applied to the Eyeball... 239

Tokita, K. Biochemical Studies on Carbohydrates. CCV. Mucopolysaccharides and Mucoproteins in Pig Lung. First Paper: Glucidamins and a Molisch-positive Mucopolysaccharide 251

Numabe, H. Chemistry and Biology of Lipids. XXVI. Fractionation of Group Lipid Mixtures of Pig Stomach and Pig Lung by Precipitin Reaction. 263

Nakai, S., Hayashi, H., Arakawa, G., Fujimoto, H. and **Hayasi, T.** A Physical Consideration on Nakazawa-Nakai Density-Meter 281

Akazaki, K. A Continued Report on Reticulo-endothelial System and the Changes Thereof Caused by Inflammatory Stimulations 293

Shindo, M. and **Shibatani, S.** A Case of Congenital Leukemia. The 6th Case Reported in Japan 307

Kameyama, M. Changes in Electric Flicker Values by Vestibular Stimulation. 317

Suzuki, K., Umetsu, J., Kobayashi, M. and **Kameyama, M.** Effects of Injection of Analgetics and Alcohol Drinking on Values of Electric Flicker. 327

Yosizaki, H. Studies of High-molecular Placental Components in Connection with Pregnancy Toxemia. Seventh Paper: On Proteins. ... 333

Tokita, K. Biochemical Studies on Carbohydrates. CCVI. Mucopolysaccharides and Mucoproteins in Pig Lung. Second Paper: Hexuronic Acid-containing Mucopolysaccharides. 351

Takahashi, T. An Experimental Study on Transplantation of the Aortic Arch. Part I. An Experimental Study on Interruption of the Ascending Aorta. 363

Takahashi, T. An Experimental Study on Transplantation of the Aortic Arch. Part II. Transplantation of the Aortic Arch under Severe Hypothermia (Rectal Temperature 18.5°–14°C). 371

Onodera, E. Indirect Retinal Induction in Various Regions of the Human Retina. 379

Motokawa, K., Kohata, T., Komatsu, M., Chichibu, S., Koga, Y. and **Kasai, T.** A Sensitive Method for Detecting the Effect of Radiation upon the Human Body. 389
